MIMIT news: Manchester Integrating Medicine & Innovative Technology

newsletter no1:  
autumn 2009

## MIMIT:vision

MIMIT's recent Away Day reestablished the MIMIT vision – and served as a reminder of just how far we've come.

The Away Day brought together MIMIT Site Miners and the MIMIT Team and Jackie Oldham, Director, took the opportunity to demonstrate precisely how much has been achieved.

*“Project success has surpassed all expectations”*

Project success has surpassed all expectations; 16 initiatives have been supported, three of which have received follow-on funding; two patents have been filed and one granted; and two CIMIT developments are to be trialed within Salford Royal Foundation Trust & Salford PCT. Funding is set to continue, with support from the NWDA and RCUK ... [read more >>](#)

## A New Clinical Direction for MIMIT

MIMIT is pleased to welcome new Clinical Director Prof Gus McGrouther to the team. Prof McGrouther joins us from... [read more >>](#)
